GUESTS: 9

4. APPROVAL OF AGENDA

MSC Long/Whitman 5/0 to approve the agenda for the Regular Meeting of October 20, 2010.

5. PUBLIC COMMENT

Al Marquez of Joshua Tree disputed statements by Director Whitman concerning District expenditures and projects.

Gary Lovelace of Joshua Tree spoke to dispute campaign information being circulated by candidate Mike Luhrs.

6. CONSENT CALENDAR

MSC Long/Reynolds 5/0 to approve the minutes of the Regular meeting of October 6, 2010 and to approve the financial report for September 2010.

7. REPORT ON PUBLIC OUTREACH ACTIVITIES

Public Information Consultant Kathleen Radnich presented an update on District public outreach activities: An article about the Joshua Tree Water Wise Demonstration Garden was published in the Sun Runner; Docents will give garden tours during the local art tour weekends, and a banner advertising the garden will be placed on the Benson Realty building at Park Boulevard and Highway 62. The District booth at the Farmers Market is continuing. JBWD hosts *The ABCs of Water* on November 18th at 5:30 pm. Ms. Radnich demonstrated a low-flow showerhead and faucet display that is being used for public presentations.

8. PROJECT PRIORITY LIST

The Board and staff reviewed the project list. Director Long commented on the need to proceed with property acquisition for future reservoirs and the telemetry chlorination analyzer project. He stated that earthquake shut-off valves should be considered a high priority

9. PUBLIC COMMENT

None.

10. GENERAL MANAGER REPORT

None.

11. DIRECTORS COMMENTS/REPORTS

Director Long asked the public to consider all candidates carefully and vote in the upcoming election. Vice-President Reynolds wished luck to all the candidates in the upcoming election. He reported on attending the Association of San Bernardino County Special Districts (ASBCSD) meeting on October 18, where one of the topics was transparency in government agencies. He stated that this is a topic that he feels strongly about, especially concerning compensation to Board members; he proposed that the District increase transparency by posting information on Directors' participation at authorized training sessions and meetings, and compensation paid by the District. He noted that this information is already available to the public. He suggested possibly agendizing the topic for further discussion on an upcoming agenda.

President Luckman urged voters to study the candidates and suggested viewing the DVD of the Joshua Basin Water District candidates forum, available at the Joshua Tree library.

JOSHUA BASIN WATER DISTRICT

FINANCIAL REPORT HIGHLIGHTS – NOVEMBER 2010

FROM: Susan Greer 

This report represents the fifth month of our 10/11 fiscal year.

SUMMARY

- CASH – Total cash, \$5,233,000, increased \$329,000 from prior month
- REVENUES – 80% Y-T-D
- EXPENSES – 32% Y-T-D

ACCOUNT RECAP (CASH BALANCE STATEMENT)

Total cash of \$5,233,000 is an increase of \$329,000 from last month and a decrease of \$598,000 from November 2009.

CASH FLOW STATEMENT

Water collections are \$20,000 more than the same *month* last year. Water usage for the *month* is 5% less than the same *month* last year; water usage year-to-date is also 5% less than last year. Capital expenditures of \$129,000 for the month represent an increase of \$56,000 over the previous month and an increase of \$13,000 from the prior year. Operating expenses for the *month* decreased \$48,000 over the previous month, primarily attributable to October being a three-payday month. Year-to-date meter installation sales are 2 compared to zero the prior year, four in the previous year and 16 for the year ending 6/30/08.

BOARD REPORT

This is the fifth month of the fiscal year; if evenly distributed throughout the year, expenses and revenues should be at 42% for the month.

REVENUES – total revenues are 80% year-to-date

- **Metered Water Sales** are *not* equally distributed throughout the year since water usage is highest in the summer. For example, February is typically the month of lowest consumption and August is the highest, with August consumption more than double that of February. We are currently at 51% of budget year-to-date, as compared to the typical 50% as of November. Metered Water Sales revenues for the month of November typically account for 7.5% of annual revenue; November this year is 8% of budget.
- **Basic Fees** are equally distributed, and at 41% of budget, very close to target.
- **Property Taxes including Standbys**, a major source of revenue, have been sent to the County for inclusion on the property tax bills. These are one-time revenues, recorded in full early in the fiscal year with payments collected over many months during the remainder of the year. Current year tax payments from the County began this month.

JOSHUA BASIN WATER DISTRICT

EXPENSES – total expenses are 32% year-to-date

Production

Including allocated costs, Production expenses are 34% year-to-date.

Distribution

JOSHUA BASIN WATER DISTRICT
SUPPLEMENTAL DATA SHEET

Regular Meeting of the Board of Directors

January 5, 2011

To: President and Board of Directors
From: Susan Greer, Assistant General Manager/Controller

TOPIC: Consider Approval of Resolution Authorizing Signers with US Bank

RECOMMENDATION: Approve Resolution

ANALYSIS: This is a routine item, required since we have a new Board member. The attached resolution removes the outgoing board member and adds the new board member and is required before the bank will prepare new signature cards.

The resolution authorizes all Board members, the General Manager and Assistant General Manager/Controller to sign checks. Current practice is to require two signatures up to \$5,000 and three signatures when the check exceeds that amount.

Once signature cards are prepared we will need multiple signatures from every authorized signer.

RESOLUTION 11-XXX

A RESOLUTION OF THE BOARD OF DIRECTORS
OF THE JOSHUA BASIN WATER DISTRICT
OPENING NEW BANK ACCOUNT AND AUTHORIZING SIGNERS
AT US BANK

WHEREAS, the Joshua Basin Water District requires bank accounts in order to conduct its business.

NOW, THEREFORE, BE IT RESOLVED that the District allows any of the following three acting together in excess of \$5,000 or any two at \$5,000 or less, to withdraw funds from any account in the form of checks in any manner as shall be agreed upon by the contracting officers with US Bank:

Mickey Luckman
Mike Reynolds
Bill Long
Michael Luhrs
Gary Wilson
Joseph Guzzetta
Susan Greer

FURTHER RESOLVED that any one of the preceding is allowed to transfer funds between the District's account and the Local Agency Investment Fund (LAIF) or from one District account to another District account only.

BE IT FURTHER RESOLVED that this Resolution replaces all prior Resolutions regarding this matter and shall remain in force until notice of revocation of it by this District shall be received by Bank at the office where the account is maintained or as Banks shall otherwise direct.

ADOPTED this 5th day of January, 2011.

SUPPLEMENTAL DATA SHEET

Regular Meeting of the Board of Directors

January 5, 2011

To: President and Board of Directors
From: Joe Guzzetta, General Manager

TOPIC: STRATEGIC PLANNING WORKSHOP

RECOMMENDATION: That the Board set a date for the annual strategic planning workshop and authorize staff to retain a facilitator to assist in the planning process, at a cost of approximately \$2,000.

ANALYSIS: Last June the Board considered conducting a strategic planning workshop, and decided to set the date in February 2011. The purpose of the workshop is to outline the District's direction and goals both short term and long term. The Board has used Pat Caldwell as a facilitator. Having an objective professional conduct the planning has resulted in a very streamlined and collaborative plan that makes the District's direction clear to the Board, staff, and the community.

It would be very appropriate for the current Board to conduct a strategic planning workshop to identify the overall direction and priorities of the District, since the Board as constituted has never done so.

Ms. Caldwell is generally available in February. We will have specific dates available at the meeting so please bring your calendars.

Project Priority List

PROJECTS NEARING COMPLETION

Personnel Policy Manual (Joe Guzzetta)

This will be considered during labor negotiations this year.

PROJECTS UNDERWAY

Update Urban Water Management Plan (Joe Guzzetta – Year 1)

Contract was awarded to Kennedy Jenks at the August 4th 2010 Board meeting. State law requires this update to be completed by July 1, 2011.

Property Acquisition for Future Water Facilities (Joe Guzzetta – Year 1)

The Master Plan identifies 27 to 37 million gallons of additional reservoir storage that will be needed to operate the District in the future. Staff proposes to begin acquiring the land before the most ideal parcels are developed, especially for reservoirs which are constrained by altitude, proximity to the existing system, and other considerations. Potential sites are under evaluation.

Recharge Basin & Pipeline Project (Joe Guzzetta)

Property has been purchased. Monitoring well has been installed. Final design contract was awarded to Krieger & Stewart Engineers at August 4th Board meeting. Construction is contingent on Proposition 84 and other funding.

Final Phase of 4” Pipe Replacement (Joe Guzzetta, Joe Bocanegra, Keith Faul)

Priorities have been established. 15,000’ of pipeline has been designed with 60,000’ yet to be designed. Completion design and construction of this project is pending a financial strategy to be considered by the Board.

Record Archival System (Susan Greer – Year 1)

Staff had second presentation. This will eventually enable the District to maintain more electronic files for easier access and less physical storage.

PROJECTS COMPLETED

Well #16 (Randy Little)

The well has been completed and is permitted by Department of Health Services.

Hot Master + Backup Computer – SCADA (Randy Little – Year 1)

Complete. This computer provides backup to the Telemetry System.

PROJECTS NOT BEGUN: YEAR 1

Develop/Update Board Policies and Procedures (Susan Greer)

Update 3030 Plan (Joe Guzzetta)

Staff intends to solicit proposals for this project.

Election to Charge Private Wells for Replacement Water

Attorney is reviewing election options.

Fire Cabinet for Maps (Keith Faul – Year 1)

Custom Software Programming (Susan Greer/Keith Faul – Year 1)

Adds lacking features to the District’s main software program, such as reports or functions, and specific items not yet identified.

Conduct Fee Study/Update Rate Study (Susan Greer – Year 1)

Miscellaneous fees are being developed based upon resources used; staff, vehicle, equipment, etc. A rate study update will determine what rate changes are needed in the next several years to maintain services.

LAFCO Mandatory Municipal Services Review (Joe Guzzetta – Year 1)

State law requires LAFCO to conduct a review of each agency's boundaries and services (at agency cost) to determine the appropriateness and to recommend any changes. LAFCO will conduct a hearing on January 19.

GIS Server for Field Login (Keith Faul – Year 1)

Field crew will receive laptop computers to be used in the field for more accuracy and efficiency. This server is needed in order to connect to the GIS system.

Field Laptop Computers (Keith Faul – Year 1)

Storage Bays for Rock, Sand, Asphalt (Jim Corbin – Year 1)

This will allow for more orderly storage of rock, sand, and asphalt which are used regularly in normal district operations.

Hauling Station Coin/Card Reader – Under Study (Jim Corbin – Year 1)

Staff is considering a system to enable selling of water at the hauling station.

Pressure Reducing Station Replace/Refurbishment (Randy Little – Years 1-2)

Assess and overhaul or replace PRV/PSV/Altitude valve over a three year period. Twelve in use, one completed.

PROJECTS NOT BEGUN: YEAR 2

Carpet for Office (Terry Spurrier – Year 2)

D31 New Booster Pumps and Housing (Randy Little – Year 2)

The pumps at this booster station operate at a low efficiency rate such that it is timely to replace them.

Chlorine Analyzers With Telemetry Programming (Randy Little – Year 2)

Install analyzers to monitor chlorine residual at up to four remote sites.

Flow Meter Refurbishment (Randy Little – Year 2)

Four remaining flow meters (2 this year) with digital displays and telemetry plus DTS programming.

Asphalt Installation Equipment – Under Study (Jim Corbin – Year 2)

Pipe Holder (Jim Corbin – Year 2)

The District stores small amounts of plastic pipe for repairs. There is nowhere out of the sun to do so. Over time the pipe can deteriorate when exposed to the sun. This will provide shade.

Altitude Valves at C2B, SCADA Electric Controls C1 and C3 Tanks (Randy Little – Year 2)

These valves will prevent the overflowing of the C Zone tanks.

Space Needs Assessment for Office Building Addition (Joe Guzzetta – Year 2 (per Board deferral)

A needs assessment will determine how much space the District needs for an Emergency Operations Center in order to apply for grant construction funds. This item was discussed at the August 4, 2010 Board meeting, and deferred.

Relocate C2 Tank & J Booster (Randy Little – Years 2-3)

This project has been designed and would relocate a 500,000 gallon tank from the C Zone where it is no longer needed to the H Zone where it is severely needed. The project was deferred pending funding.

System Reliability Upgrade for Hospital and County Complex; C, B and D3 zones (Jim Corbin – Years 2-3)

This entire area has one single water supply feed. It does not have a redundant water supply for emergency situations. Staff has proposed a secondary "emergency" source.

PROJECTS NOT BEGUN: YEAR 3

Security (Motion Sensors) at Shop and Well 10 (Randy Little – Year 3)

This would provide security to an expanded area at the shop.

EMERGENCY PREPAREDNESS PROJECTS: (Postponed to determine funding potential)

Well 10 and 14 Soft Start Bypass – Generator Controls (Randy Little – Year 1)

The new 600 KW generators need this equipment in order to operate properly at the two largest producing wells.

Earthquake Shutoff Valves for Three Tanks (Randy Little – Year 1)

Currently, if a pipe from a reservoir is broken the entire reservoir can be drained unless a valve is manually located and shut off. This will provide automatic shutoff in case of earthquake to the two major C tanks and the B tank serving the hospital.

Transfer Switches at Remaining Booster Sites (Randy Little – Year 1)

The switches are needed in order to be able to use the emergency generators at the pump stations.

Large Meter Bypasses (Jim Corbin – Year 1)

Currently, in order to test or remove a large meter, the service needs to be disconnected. This is a serious problem for some large meters such as the hospital. The bypass will allow the meter to be removed and replaced without discontinuing service.

Emergency Supplies (Rick Cook – Years 1-2)

These include food, water, cots, etc. for serious emergencies for employees.
