

JBWD Board Director David Fick is requesting the Joshua Basin Water District to consider joining the Joshua Tree Association of Business and Culture – a 501 (c) 6 organization representing the Joshua Tree Community.

This organization's formation was requested by the 3rd District Supervisor two years ago in the summer of 2024 as an organization representing the wants and needs of the Joshua Tree Community to the County.

“Our mission is to unite and empower Joshua Tree’s business and cultural leaders to strengthen community and cultivate a vibrant, sustainable local economy through Experience Tourism, where creativity, stewardship, and education come together to honor shared spaces and protect our desert home for future generations.”

This organization is a fully formed 501(c)6 and will be useful to JBWD in Joshua Tree Community Outreach – particular to the Septic-to-Sewer concerns. There's also other Joshua Tree Community development concerns that could use the JTABC's input. There's two levels of membership, a Voting level and an Associate level.

Here's their website for more information:
