Subject: PROTECT JOSHUA TREE from BIG DEVELOPERS, Keep Stacy Doolittle as President of Joshua Basin Water District

Dear Joshua Basin Water District Board Members and General Manager Sarah Johnson,

I am a long time Joshua Tree resident, and I am writing to submit this public comment for the August 5th Board meeting.

I respectfully urge the Board to vote **no** on the proposed reorganization of the Board at this time, allowing Stacy Doolittle to continue serving as Board President through the remainder of her elected term.

I also ask that Agenda Items 7A and 7B be continued to a later meeting so the public has adequate time to review the issues and provide meaningful public input before any action is taken.

I have had the opportunity to know Stacy and have consistently been impressed by her dedication to protecting our community and its resources. She asks thoughtful questions, advocates for transparency, and clearly puts the long-term interests of Joshua Tree residents first. Those are qualities I want in the leadership of our water district.

Whether or not everyone agrees on every issue, decisions of this significance should be made through an open and transparent process that allows the public adequate time to understand and participate.

Thank you for your consideration and for your service to our community.

Sincerely,

Steph

Joshua Tree Resident
