Message:	I am concerned to see that one of the agenda items for your upcoming board meeting is "CONSIDERATION OF RESOLUTION 26-1095 CENSURING DIRECTOR STACY DOOLITTLE". Without knowing any of the background for this agenda item, I believe the community that elected her deserves to know the facts in the case against her (via a written letter or formal email). Not everyone can attend the board meeting, and we deserve full disclosure for the potential censuring action. It feels like her opinions/actions to protect Joshua Tree from negative impacts of the future sewer project may have people (i.e., JBWD, County) wanting her removed from her position. I look forward to your response. Linda Doyle Joshua Tree CA 92252
