Subject: Censure of Stacy Doolittle

To Whom It May Concern:

I looked at the August 5th agenda, and honestly, I'm confused.

It looks like there are two big actions involving President Stacy Doolittle, but there's nothing that explains what they're about. When I first read it, I thought the board was removing its President. Maybe that is not what's happening, but I couldn't tell from the agenda.

Why isn't there any information explaining these items? How is the public supposed to know whether this is something minor or something serious? I don't remember reading anything in previous meeting minutes that were suggesting there were problems, but I can certainly see how you'd have problems now!

I hope you'll postpone these items until everyone, including the public, has had enough time to understand what's going on. I was disappointed that my Division representative, Director Jane Jarlsberg, did not ensure these agenda items were clear enough for the public to understand. As someone elected to represent our division, I would have expected her to insist on greater transparency so residents could understand what the Board was being asked to consider.

Furthermore, I'd like to express how much I respect Director Doolittle for her outstanding and

unwavering leadership and support for this beautiful community of ours!

Thank you,

Jeff McClellan
