

**RESOLUTION NO. 26-1093**

**A RESOLUTION OF THE BOARD OF DIRECTORS OF THE JOSHUA BASIN  
WATER DISTRICT ESTABLISHING A WATER AVAILABILITY CHARGE  
FOR FISCAL YEAR 2026-2027 AND AUTHORIZING THE COLLECTION  
THEREOF BY THE COUNTY OF SAN BERNARDINO**

**WHEREAS**, the Joshua Basin Water District (“District”) is a county water district organized and existing under the County Water District Act as set forth in Division 12 (commencing with Section 30000) of the California Water Code; and

**WHEREAS**, the Board of Directors (“Board”) of the District has found and determined that the availability of a dependable supply of high-quality water for domestic uses and purposes is a benefit conferred upon the lands proposed to be charged and, conversely, that the lack of such a supply diminishes the value of such lands; and

**WHEREAS**, in 1996, the Board engaged the services of a qualified engineer for the purpose of establishing a schedule of water availability charges under the Uniform Standby Charge Procedures Act, as set forth in Chapter 12.4 (commencing with Section 54984) of the California Government Code, with such charges varying according to land uses and benefit derived or to be derived from the use and availability of facilities to provide potable water for domestic uses and purposes, which schedule was the subject of a published and mailed notice of hearing and a public protest hearing; and

**WHEREAS**, the District’s water availability charges are necessary to identify and pursue projects and water sources necessary to maintain the basin from overdraft of groundwater supplies and in anticipation of the need for a supplemental source of waters within the District, including supplemental recharge water obtained through the Morongo Basin Pipeline; and

**WHEREAS**, the water availability charge for Fiscal Year 2026-2027 is proposed to be continued at the same rate and in the same manner, and pursuant to the same methodology as established in 1996, and which has been continued from year-to-year since then; and

**WHEREAS**, pursuant to Section 54984.7 of the Uniform Standby Charge Procedures Act and Health and Safety Code section 5471(d), the Board of Directors (“Board”), having previously adopted a standby charge utilizing the procedures in place at such time, may continue the same charge in successive years by resolution; and

**WHEREAS**, pursuant to Section 54984.8 and Health and Safety Code section 5473, the District may cause the charge to be collected at the same time, and in the same manner, as its general taxes.

**WHEREAS**, the Board previously adopted Resolution No. 26-1089 on June 17, 2026 for submission to San Bernardino County for collection on the tax roll; and

**WHEREAS**, the County requested revisions to the resolution before accepting it;  
and

**WHEREAS**, the Board desires to adopt this revised resolution, which supersedes Resolution No. 26-1089.

**NOW, THEREFORE**, the Board of Directors of the Joshua Basin Water District hereby resolves as follows:

1. **District Zones of Benefit.** The Board hereby continues the previously established four Zones of Benefit within the District:

ZONE 1: Any size parcel served by one or more meters.

ZONE 2: Any size parcel within a half mile of a water mainline and in the same pressure zone as the mainline.

ZONE 3: Any size parcel within one mile of a water main and in the same pressure zone of the mainline.

ZONE 4: All other parcels.

2. **Adoption of Water Availability Charge.** That there shall be continued, for each parcel in the District, for Fiscal Year 2026-2027, a water availability charge established in accordance with the benefit conferred and in the amount as determined by the applicable District Zone of Benefit and the land use zoning adopted by the County of San Bernardino, which charge is more specifically shown on Exhibit A attached hereto and made a part hereof.

3. **Total Assessment.** The total levy and amount of the charge established by Section 2 of this Resolution is estimated to be One Million One Hundred Eighty-Six Thousand Two Hundred Sixty-Nine and 10/100 dollars (\$1,186,269.10) ("Total Levy"). The Total Levy may be adjusted to the extent the County of San Bernardino notifies the District of any missed parcel splits or mergers or other changes that may impact the individual parcel changes and, as a result, the actual Total Levy. The Total Levy amount includes County of San Bernardino administrative and processing fees and the County is authorized to deduct those costs from the Total Levy amount as required before remittal of the balance to the District.

4. **Rate and Methodology.** The rate and methodology of the water availability charge adopted herein and as set forth in the Annual Standby Report for Water Availability Standby Charge Fiscal Year 2026-2027, which is incorporated herein by this reference, is the same and remains unchanged for this Fiscal Year, and that such charge is reasonable and necessary, and does not exceed the actual cost to the District of providing the service.

5. **Dedication and Use of Revenue.** The revenue generated by the water availability charge is hereby dedicated and shall be used to finance the capital costs of the District's water system, the operation and maintenance of the District's water facilities

benefiting the properties assessed, the purchase or lease of supplies, equipment, or material necessary for the operation of the District's water system, and meeting debt repayment obligations and financial reserve requirements.

6. **Exemptions.** The water availability charge established hereunder is exempt from the California Environmental Quality Act in accordance with Section 21080(b)(8) of the Public Resources Code, because the revenue generated by such charge shall be used for the repayment of debt related to capital projects necessary to maintain water service, and is also exempt from Article XIID of the California Constitution because (a) the charge was in existence prior to November 6, 1996, (b) because the rate and methodology used to establish the schedule of charges is the same as in previous years, and (c) because the charges are imposed to finance the capital cost of the District's water system. If and to the extent any charge is higher than in previous years, such increase is attributable solely to events other than an increased rate or revised methodology, such as a change in the density, intensity or nature of use of land, or consent of the landowner.

7. **Water Service to Exempt Property.** No new connection to the District's water system shall be allowed to any parcel which has been exempted from the water availability charge unless the applicant for water service pays an in-lieu water availability fee calculated as the total amount of water availability charges which would have been assessed against that parcel had it not been exempt, and unless the applicant agrees that the parcel will be subject to the water availability charge from that date forward.

8. **Delinquent Charge.** Water availability charges that have become delinquent shall, with a basic penalty of 10% for non-payment of the charge and interest at the rate of 1/2 of 1 percent per month for each month of non-payment, become a lien on the property when a certificate is recorded in the office of the San Bernardino County Recorder pursuant to Government Code, Section 54984.9 (b) which lien shall have the force, effect and priority of a judgment lien.

9. **Collection by the County.** The Joshua Basin Water District directs the San Bernardino County Office of Auditor-Controller/Treasurer/Tax Collector (ATC) to place the Direct Charge on the current tax roll. The water availability charge shall be collected on the San Bernardino County Tax Roll in the same manner, and by the same persons and at the same time as, together with and not separately from, the District's general taxes. The Secretary of the District is hereby authorized and directed to forthwith file a certified copy of this Resolution in the office of the Auditor of the County of San Bernardino on or before August 10, 2026.

10. **Delegated Authority.** The Board hereby delegates authority to the General Manager, or her designee, to take any action necessary to effectuate the intent of this Resolution, including, but not limited to, modifying the Total Levy amounts reflected in this Resolution to indicate the actual Total Levy after County adjustments, if any.

*Remainder of Page Left Intentionally Blank*

11. **Effective Date.** The effective date of this Resolution is the 1st day following the date of its adoption.

PASSED AND ADOPTED this 15<sup>th</sup> day of July, 2026 pursuant to the following votes:
