

RESOLUTION 19-1004

RESOLUTION OF THE BOARD OF DIRECTORS
OF THE JOSHUA BASIN WATER DISTRICT
AMENDING ARTICLE 13 AND ARTICLE 14 OF THE RULES & REGULATIONS,
RELATED TO MISCELLANEOUS FEES

WHEREAS, Joshua Basin Water District (JBWD) has established miscellaneous fees based on the actual cost of providing various services to JBWD customers and the public; and

WHEREAS, current Rules and Regulations including miscellaneous fees were adopted on May 21, 1997 by Resolution 97-572; and

WHEREAS, miscellaneous fees have been amended subsequent to adoption of Resolution 97-572, most recently with Resolution 19-996; and

WHEREAS, further consideration of criteria for application of the Meter Quote and the Backflow/Cross-Connection Devices fees is warranted; and

WHEREAS, the Meter Quote fee was established allowing one free quote per month per customer; however, JBWD wants development to pay its own way by paying costs associated with providing quotes for new meters; and

WHEREAS, the Backflow/Cross-Connection Devices fee was reaffirmed at the previously-established fee level; however, there are not sufficient costs to support the fee because total program costs are minimal.

NOW, THEREFORE BE IT RESOLVED that the Articles 13.31 and 14.31 of the District's Rules & Regulations are hereby amended, and Article 13.12 and Article 14.12 are hereby deleted in their entirety:

ARTICLE 13.31 METER QUOTE

An applicant shall be required to pay a charge to cover expenses incurred by JBWD for the preparation of a meter quote. Meter quotes will be provided upon payment of the charge.

ARTICLE 14.31 METER QUOTE

A charge of \$19.00 per meter will be paid by applicant requesting a meter quote.

~~DELETE - ARTICLE 13.12 Backflow/Cross-Connection Devices
\$25.00 annually, payable in January of each year, will be charged to customers required to install and maintain a Backflow/Cross-Connection Device.~~

~~DELETE - ARTICLE 14.12 Backflow/Cross-Connection Devices~~

~~\$25.00 annually, payable in January of each year, will be charged to customers required to install and maintain a Backflow/Cross Connection Device.~~

THE FOREGOING RESOLUTION WAS DULY AND REGULARLY ADOPTED, SIGNED, and APPROVED this 17th day of July, 2019, by Board of Directors of the Joshua Basin Water District by the following vote:
